No.MOB-32 / Billing -2010

Dated 25-10-2010

To

General Manager (CMTS), Nodal Center,
Chandigarh, Pune, Trichy & Kolkata

Sub:- Use of De-duplicating software to check bulk connections at same address

It is reported in one of the Newspapers that thousands of connections have been obtained from different Operators all across country using same address identity. In order to exercise check against possibility of such incidence in BSNL, De-duplicating software already operational in zonal B&CCS needs to be put to effective use. Kindly generate monthly data regarding bulk connections and provide the same to Circles for re-verification & confirmation of genuineness.
