- (i) GSM equipment such as MSC's, STP's, IN, HLR, VLR, SGSN, IVR, LI, VAS elements, SMSC and OSS, etc. which have been decommissioned and replaced with new equipment because of non expandability and any other reasons related to undertake any rollout obligations can be considered to be scrapped.

- (iii) Unserviceable, burnt equipment / cards are to be scrapped.
- (iv) Circles may scrap the equipment in case of disputes such as AT not done, solution rejected, ATed but not functional or not commissioned, penalty imposed, etc.. resulting into disputed ownership. - (vi) Any scrapping to be done as per this letter, will be only after circulating all lists to all Circles/Nodal Centre's for judging the usability and subject to the financial adjustment for items mentioned in (iv) above.
